Climate change affects us all. So what's stopping us joining forces to act on it? By Ban Ki-moon

This post [originally appeared in the Guardian](#).

Business to Play a Key
Role in the Future

06 May 2014 – Three decades from now the world is going to be a very different place. How it looks will depend on actions we take today. We have big decisions to make and little time to make them if we are to provide stability and greater prosperity to the world's
